

## SOP for Certification - QA-P-SYS-07

### 1.0. PURPOSE

This process explain the certification process of QACS.

### 2.0. SCOPE

This procedure is applicable to all types of certification activities carried down by QACS.

### 3.0. RESPONSIBILITIES

Director operation and Certification Manager

### 4.0 Innitial certification:-

**4.1 Enquiry**:- Received the generic enquiry through mail, phone, associates etc..

**4.2 Application**:- based on the enquiry, application form is send for further information.

**4.3 Reveiw of Applcation**:- Application reviewed for specific requirement of client and QACS's ability to provide such services, competent resources are also identified based on SOP for defining certification personnel QA-P-HRD-02, for critical code list as per QA-OP-28 the application will be reviewed by an approved auditor for such codes and/or approved technical expert will be part of team respncible for review for such code.

**4.4 Audit program and team identification**:- As the innitial certification require two stage of auditing (Stage 1 and Stage 2) the competent audit team is identified based on scope of client (For FSMS CATEGORY SCOPE IS IDENTIFIED BASED ON Iso Ts 22003 ANNEXURE A AND IDENTIFICATION APPROPRIATE PART OF Iso /Ts 22002 SERIES) and for EnMS as per ISO 50003:2021 standard/s for certification, type of audit (single/combined).

Audit team competency may be collective competence of audit team leaders, auditors and technical experts.

**4.5 Quotation**:- Quotation enlisting all services and charges as applicable is sent for confirmation.

**4.6 Selection and appointment of stage 1 team**:- the competent audit team is selected for conducting stage 1 of client.

**4.7 planning for stage 1**:- The audit plan along with the information of audit team and dates is sent to client and confirmation received along with any other issues like traveling or other arrangement of audit team.

**4.8 Conduct stage1**:- Stage 1 is conducted as per the procedure for auditing and procedure for stage1.

**4.9 Resolving stage 1 area of concern / non conformity**:- Based on the report and recommendation of audit team any/all area of concern are resolved with the client. The area of concern may be modification in scope or may result in replanning of innitial certification including reconduction of stage 1.

**4.10 planning for stage 2**:- The audit plan along with the information of audit team and dates is sent to client and confirmation received along with any other issues like traveling or other arrangement of audit team. The time interval between stage 1 and stage 2 shall never be less than 1 day and may be upto 2 months (for FSMS not more then 6 month) based on the needs of client.

**4.11 Conduct stage2**:- Stage 2 is conducted as per the procedure for auditing and procedure for stage2

**4.12 Resolving stage 2 area of concern / non conformity**:- Based on the report and recommendation of audit team any/all area of concern are resolved with the client.

The lead auditor/ audit team leader raise the non conformity as Major, Minor or area for improvement. In case of major NC / area of concern may be modification in scope or will result in special audits(followup). If special audit is not conducted within 6 month from the last day of last audit to verify CA then stage 2 will be recoducted.
